Linspire Five-0 with CNR is the World's First True Alternative to Microsoft® WindowsXP Professional®, WindowsXP Home®, WindowsVista® and Microsoft Office®.

Designed with you in mind, Linspire looks and feels like Windows, and installs easily in just 15 to 30-minutes while automatically detecting hardware. With Linspire, you get a free Microsoft Office®-compatible Office Suite (Word Processing, Spreadsheet and Presentation) – you can open and edit documents made using Microsoft Office® and Microsoft Office® users can open and edit the documents you made in Linspire. And not only that – your purchase comes with access to the CNR (Click and Run) service that lets you easily install programs over the Internet with just one click – all free, all legal! Choose from thousands of MP3 players, games, publishing, programming tools, educational software and more. Surf the Internet with no worries - Linspire is safe from viruses and spywares! Linspire is feature-packed and gives you value for your money!

Linspire Five-0 with CNR is truly your **Compatible, Unbeatable, Affordable** solution! Join the millions of Linspire users worldwide! Contact your Linspire Reseller today!

Simply choose what type of license that best describes your intended use. Your License Certificate will be sent via courier to the address you provide upon Registration. It will indicate the number and type of Licenses that you purchased.
